

GANAHL LUMBER – TORRANCE

Client: Ganahl Lumber Company
 Location: Torrance, CA
 Product Type: Retail Store and Lumberyard
 Services: Architecture, Land Planning, Interiors

Retail Store Size: 87,000 sf
 Total Buildings Size: 225,000 sf
 Lumberyard: 18 Acres

The new 18-acre yard in Torrance with 225,000 square feet of new buildings includes a retail store, will call storage and loading area, operations offices and two mezzanines. Using a composite design, the wood frame structure supports a concrete slab to provide for rooftop parking.

Demonstrating the company’s commitment to sustainability, the project features a renewable energy system that includes wind turbines, rainwater capture and photovoltaic panels. The entire environment – highly visual, convenient and upbeat – reinforces Ganahl’s commitment to customer service and, at the same time, highlights their products.
