

# HARBOR INTERFAITH SERVICES

Client: Harbor Interfaith Services, Inc.

Location: San Pedro, CA

Product Type: Special Use Building

Services: Architecture

Construction Type: 2-Story Type V over 2 Levels Type I

Size: 14,000 sf

Site Size: 0.34 Acres

Sustainability: LEED Silver

We collaborated with Harbor Interfaith Services, a non-profit organization in Los Angeles, to create a family resource center. The design consolidated all program requirements into one building, utilizing adjacent parcels. The three-story structure includes a resource center, play areas, offices, and underground parking while respecting the residential neighborhood's scale and style. The design prioritizes social and environmental sustainability, aiming for LEED certification, with efficient fixtures, recycled materials, and energy efficiency.
