

ROLLING HILLS COVENANT CHURCH

Client: Rolling Hills Covenant Church
Location: Rolling Hills, CA
Product Type: Special Use Buildings
Services: Architecture
Renovation: 17,000 sf
Site Size: 11 Acres

Architects and designers worked with the congregation for a number of years to create a more cohesive campus. The large, 11-acre campus in Rolling Hills is divided into two main parcels: the North Campus with a chapel and the South Campus with the central sanctuary and Welcome Center.

Earlier projects included the creation of an outdoor amphitheater carved into the hillside across from the chapel on the North Campus and upgrades to the sanctuary facilities on the South. On the South Campus an expansive, outdoor Fellowship Deck connects all of the key buildings: the Sanctuary, Welcome Center and the newest facility, the Children's Welcome Center and Administration Building.
