

# BELLECOUR WAY – INTERIORS

Client: Western National Property Management  
 Location: Lake Forest, CA  
 Product Type: Multifamily Amenity Interior Design  
 Services: Interiors  
 Size: 6,700 sf

Bellecour Way, a quality multifamily residence, was due for an update. The interior design team developed a new Contemporary French design that expresses the existing architectural details through finishes and FFE with a vocabulary of understated elegance. Throughout the public spaces all of the detailing – crown molding, baseboards, beams and wrought iron fencing – are enhanced using a simple, sophisticated, black and white color scheme. The furniture and artwork provide color accents in the rooms.
